

2026 CO-OP ACADEMY PROGRAM

About

Co-ops belong to the communities they serve. That's why we created a program to engage with and educate our community's up-and-comers and most engage members about their electric cooperative.

Cherryland's Co-op Academy program gives budding community leaders a baseline understanding of the cooperative and the role of the board of directors. Over the course of three sessions, participants will learn about...

- Co-op basics
- Distribution system operations
- Co-op financials
- Industry challenges and opportunities
